13 October 1966

MEMORANDUM FOR: Executive Director - Comptroller

SUBJECT: Composition of Training Selection Board

25X1 1. In November 1964, we brought to the attention of the then Executive Director - Comptroller a recommended revision of [] which is the Headquarters notice establishing the Training Selection Board and specifying the membership thereof. On 30 November 1964 the then Executive Director-Comptroller suggested to the then Deputy Director for Support that [] be revised along the following lines:

"The Director of Training is designated Chairman of the Board and will represent the Executive Director-Comptroller. The Director of Personnel will serve as a permanent member and represent the DD/S career service. The DD/I, DD/S&T and DD/P will each designate a representative who will be a member of one of the career services under the jurisdiction of that Deputy Director."

25X1 On 8 December 1964 the Executive Officer to the DD/S advised the Training Officer of the DD/P that [] was being revised as suggested in the Executive Director's memorandum. He further advised that sessions of the Board would thereafter be attended by the newly constituted membership.

25X1 2. I bring this matter to your attention in the hope that there will be an early revision of the membership of the Training Selection Board. We have checked rather carefully and have been unable to find that [] was revised as promised.
